My brother loves music. He loves to sing at the Carnival of Cadiz. Every year, he spends months and months writing songs with his friends. In February, they go to Cadiz. They parade around town and sing all of the songs. People have so much fun listening to them! Most songs are funny and tell jokes. The songs always match the costume they wear.

This year, they are dressing up as clockmakers. They are making tall black hats with twelve numbers on the sides and with clock parts on top. My brother has got a purple coat and it has got watches all over it. My brother and his friends are writing songs about people who are always late. I am excited to see them sing!
